Citation:

Abstract:
It is a source book on policies, conflicts, developments and perspectives on education policy in the period 1993-2000. Drawing from a selection of articles from the successful quarterly reviews of education and training this book provides readers with detailed accounts of educational changes in South Africa over the past decade. It reflects upon significant events, trends and debates and provides insightful analysis of this extremely momentous period of South African history.

Keywords:

• Public
and "love for our own race", leading to what Ngugi wa Thiongo called "cultural genocide" perpetuated intellectual dependency on the West. This Programme was launched in 1993 and it focused on three central issues of increasing access to quality learning opportunities; improving school management and instructional quality; and strengthening planning, management and implementation.
