**Course Description:** A study of selected topics in American Diplomatic History, in this case, the historical relationship between the United States and Latin America.

**Learning Outcomes:**
- To encourage you to think deeply about the nature of U.S.-Latin American interactions and how they are shaped.
- To develop an analysis which can explain U.S. public policy in Latin America over an extended period of time.
- To develop effective and analytical skills in reading and writing history. What does it mean? Is it one thing or many? Who made up the questions used in measuring it. Critical thinking – the analytic probing of formulas, precepts, and pieces of received wisdom that too often go unexamined and unchallenged - is a skill taught in humanities courses where students analyze ideas, differing viewpoints, justifications, opinions and accounts and, in the process, learn how to construct a logical assessment... and defend their conclusions with facts and lucid argument.
- To suggest the ways in which Latin America and Latin Americans have agency in their dealings with their much more economically and militarily powerful neighbor to the North.
- To problematize the idea of a single "Latin American" or "U.S." subject.
Required Books:

This class is reading intensive. You will not pass this course unless you do the reading. All readings should be completed before the first class meeting each week. I will advise of any deviations. Further required readings will be placed on reserve. Text should be brought to class each day. Other books should be brought on appropriate discussion days.

**Attendance Policy:** Regular and punctual class attendance is expected of each student at SHSU. Each faculty member will keep a record of student attendance. Each faculty member will announce the policies for accepting late work or providing makeup examinations. Students are expected to show appropriate cause for missing or delaying major assignments or examinations. A student shall not be penalized for three or fewer hours of absences when examinations or other assigned class work has not been missed; however, at the discretion of the instructor, a student may be penalized for more than three hours of absences. Each absence after the third shall result in the reduction of the final grade by one-letter grade. Tardiness and cell phone and electronic device usage during class may be counted as an absence. For the university Academic Policy Statement 800401 regarding attendance, see [http://www.shsu.edu/~vaf_www/aps/documents/800401_001.pdf](http://www.shsu.edu/~vaf_www/aps/documents/800401_001.pdf)

**Final exam:** cumulative and includes objective and essay questions. There are no make-ups for missed exams.

**Assignments:**

- Participation, Preparedness, and Attendance: 10%
- Reading journal: 25%
- Two film reviews (10% each): 20%
- 2 Book reviews (10% each): 20%
- Final Project / Exam: 25%

**Reading Journal:** To help you read more thoughtfully and analytically, you will keep a reading journal. Every time I assign a portion of the text or outside document or reading, I will give you a set of questions to think about as you read. Some are factual while others ask you to engage critically with the text or document. You will need to write an entry as many times as there are reading assignments for a given week, usually three times. Though I do not require a minimum length, responses must be complete to obtain full credit. In other words, you must fully address the question(s) and demonstrate thoughtful consideration of the readings. Periodically, you will be assigned in-class responses. Therefore, reading journals must be brought to class everyday. From time to time, I shall pick them up to see how you are doing and to give you feedback. This semester-long assignment will help you become a better reader, writer, and thinker. It should also help you form a stronger class community. *And remember, if I cannot read your entries, it will be difficult to assess a grade.*

**Book and film reviews:** The papers are analytical and critical responses to two books (not the text). Their length should be 2-3 pages each (double-spaced). I will post information on suggested book review techniques. Summaries are not acceptable. Exam essay questions will be taken from these books and/or assigned essays. Films will be shown both during and outside of class. You are required to view at least two outside of class during the semester; viewing all is recommended.

**Participation, Preparedness, and Documents:** You must read each week’s assignments thoroughly and carefully, ask relevant questions, and make meaningful contributions based on evidence in the readings. You should maintain a scholarly level of discussion by listening to what’s being said and supplying effective responses, again, supported by evidence. Be able to differentiate between ideas based on little evidence or that express opinion and ideas (both your own and those of others) and ideas based on historical or scientific research. Your observations, analysis and questions form a valuable and integral part of learning and that class should be interactive and democratic, not merely didactic.

**Academic Dishonesty:** The University expects all students to engage in all academic pursuits in a manner that is above reproach. Students are expected to maintain complete honesty and integrity in the academic experiences both in and out of the classroom. Any student found guilty of dishonesty in any phase of academic work will be subject to disciplinary action. *Plagiarism and*
cheating will not be tolerated. The Sam Houston State University Academic Policy Statement 810213 may be accessed at: http://www.shsu.edu/~vaf_www/aps/documents/810213.pdf

Americans with Disabilities Act: It is the policy of SHSU that individuals otherwise qualified shall not be excluded, solely by reason of their disability, from participation in any academic program of the university. Further, they shall not be denied the benefits of these programs nor shall they be subjected to discrimination. Students with disabilities that might affect their academic performance are expected to visit with the Office of Service for Students with Disabilities located in the Counseling Center. They should then make arrangements with their individual instructors so that appropriate strategies can be considered and helpful procedures can be developed to ensure that participation and achievement opportunities are not impaired. SHSU adheres to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations for students with disabilities. If a student is encouraged to register with the SHSU Counseling Center and to talk with the instructor about how best to deal with the situation. All disclosures of disabilities will be kept strictly confidential. NOTE: no accommodation can be made until the student registers with the Counseling Center.

Religious Holidays: Section 51.911 (b) of the Texas Education Code requires that an institution of higher education excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student's absence is excused under this subsection may be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence. “Religious holy day” means a holy day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code.

Visitors in the Classroom: Unannounced visitors to class must present a current, official SHSU identification card to be permitted into the classroom. They must not present a disruption to the class by their attendance. If the visitor is not a registered student, it is at the instructor's discretion whether or not the visitor will be allowed to remain in the class.

Academic and Student Support Services: A full range of services is available through the University to assist you with developing strategies for a successful academic career. They include, but are not limited to reading and writing centers, and services for students with disabilities. These services may be accessed at http://www.shsu.edu/catalog/toc-support.html. The SAM Center is a resource dedicated to helping students adjust to academic life at Sam Houston State University. Services available include career testing, aid with time management, and study skills. The SAM Center is located in Academic Building 4 (AB4) on the second floor, room 210. AB4 is located on the corner of Bowers Blvd. and Ave. I.

Classroom Rules of Conduct: The code of student conduct is found at the following link: https://shsu.edu/students/guide/dean/codeofconduct.html
The use of cell phone or other electronic devices including laptops is prohibited in this class. Infractions may result in absent mark. Please refrain from eating and drinking in class.

Instructor Evaluations: Students will be asked to complete a course/instructor evaluation form near the end of the semester.

Countries in the region have not only grown stronger but have expanded relations with others, including China and India. U.S. attention has also focused elsewhere in recent years, particularly on challenges in the Middle East. The result is a region shaping its future far more than it shaped its past. By focusing on areas of mutual concern, the United States and Latin American countries can develop a partnership that supports regional initiatives and the countries' own progress. Such a partnership would also promote U.S. objectives of fostering stability, prosperity, and democracy throughout the hemisphere.
