

## **FRANK INCROPERA**

### **VITA (1/23/2017)**

#### Business Address:

361 Fitzpatrick Hall  
University of Notre Dame  
Notre Dame, Indiana 46556  
Phone: (574) 631-3095  
Fax: (574) 631-6855  
Email: fpi@nd.edu

#### Education:

S.B. M.E., 1961, Massachusetts Institute of Technology  
M.S.M.E., 1962, Stanford University  
PhD, M.E., 1966, Stanford University

#### Employment/Appointments:

1960, M.I.T. - Industry Cooperative Work Program (9 months with Barry Controls Corporation). Design, test, and analysis of shock and vibration isolation systems.

1961, Summer Employment with Aerojet General Corporation. Heat transfer and thermodynamic analyses of propellant storage systems for large thrust boosters.

1962-64, Heat Transfer Specialist, Lockheed Missiles and Space Company. Development of improved techniques for predicting aerodynamic heating in laminar and turbulent boundary layers with and without separation. Responsibility for the thermal protection of several planetary probe systems and the supervision of two engineers and a computer aid during the second year. Part time student at Stanford University.

1964-66, Research Assistant, Mechanical Engineering Department, Stanford University. Design of equipment used to produce a high temperature plasmajet and application of spectroscopic and probe plasma diagnostic techniques. Studies relating to plasmajet flow transition phenomena and plasma heat transfer.

1966-69, Assistant Professor, School of Mechanical Engineering, Purdue University. Graduate and undergraduate teaching in thermodynamics and high temperature gas dynamics. Research in high temperature gas dynamics.

1969 (Summer), NASA-ASEE Fellow at the Ames Research Center, Mountain View, California. Research in high temperature gas dynamics.

1969-73, Associate Professor, School of Mechanical Engineering, Purdue University. Graduate and undergraduate teaching in thermodynamics and heat transfer. Research in high temperature gas dynamics and bioengineering.

1973-98, Professor, School of Mechanical Engineering, Purdue University. Graduate and undergraduate teaching in heat and mass transfer, thermodynamics, and fluid mechanics. Research on radiative transfer in absorbing-scattering-emitting media; free, mixed, forced and double-diffusive convection; electronic equipment cooling; boiling; and materials processing.

1973-74, Visiting Scholar, Mechanical Engineering Department, University of California, Berkeley, California. Research on heat and mass transfer processes related to powerplant waste heat utilization and solar energy collection.

1983, 87, Guest Professor, Dipartimento di Energetica, Universita Degli Studi di Pisa, Pisa, Italy (September-October). Research and lectures on mixed convection heat transfer.

1988, Guest Professor, Lehrstuhl C für Thermodynamik, Technical University of Munich, Federal Republic of Germany (June-December). Research and lectures on electronic cooling and solidification of binary substances.

1987,89, Assistant Dean of Engineering for Research and Graduate Programs, Purdue University.

1989-98, Head, School of Mechanical Engineering, Purdue University.

1998-2006, Matthew H. McCloskey Dean of Engineering, University of Notre Dame.

2006-2007, Visiting Professor, Massachusetts Institute of Technology. Teaching and research on sustainable energy technologies.

2007-2015, H. Clifford and Evelyn A. Brosey Professor of Mechanical Engineering, University of Notre Dame. Undergraduate teaching in thermodynamics, heat and mass transfer, and energy technology and policy.

2009, Visiting Professor, Trinity College, Dublin, Ireland (June-July).

2016-, Matthew H. McCloskey Dean Emeritus, College of Engineering and H. Clifford and Evelyn A. Brosey Professor Emeritus of Mechanical Engineering, University of Notre Dame

#### Society Memberships:

American Society of Mechanical Engineers (Fellow)  
 American Society of Engineering Education  
 American Association for the Advancement of Science (Fellow)

#### Awards and Honors:

Pi Tau Sigma (1960)  
 Tau Beta Pi (1961)  
 Sigma Xi (1961)

Garrett Fellow, Stanford University (1961-62)  
 Harry Solberg Award for Best Teacher in Mechanical Engineering, Purdue University (1973, 1977, 1986)  
 A.A. Potter Award for Best Teacher in Engineering, Purdue University (1973)  
 Ralph Coats Roe Award for Excellence in Teaching and Other Notable Contributions to the Mechanical Engineering Profession, American Society of Engineering Education (1982)  
 George Westinghouse Award for Outstanding Accomplishments in Education, American Society of Engineering Education (1983)  
 Invited Lecturer, Southwest Mechanics Lecture Series (1983, 1998)  
 Fellow, American Society of Mechanical Engineers (1984)  
 Third Annual Alexander Graham Christie Lecturer, Johns Hopkins University (1986)  
 Keynote Lecturer, Eighth International Heat Transfer Conference, San Francisco (1986)  
 ASME Heat Transfer Division Best Paper Award:  
 "Transient Behavior of a Radiatively Heated Double-Diffusive System." Co-author, (1987)  
 Invited Contributor, Special 50th Anniversary Issue of the ASME Journal of Heat Transfer (1988)  
 Senior United States Scientist Award of the Alexander von Humboldt Foundation, Bonn, Federal Republic of Germany (1988)  
 Keynote Lecturer, Twentieth Symposium of International Center for Heat and Mass Transfer, Dubrovnik, Yugoslavia (1988)  
 Melville Medal for Best Original Paper on a Mechanical Engineering Subject Published by the American Society of Mechanical Engineers: "Transient Behavior of a Radiatively Heated Double-Diffusive System." Co-author (1988)  
 Heat Transfer Memorial Award of the American Society of Mechanical Engineers: "For two decades of outstanding research contributions of consistently high quality, breadth and depth, notably in radiation heat transfer, double-diffusive and mixed convection, and plasma heat transfer; and for significant contributions to engineering education." (1988)  
 Keynote Lecturer, Ninth National Heat Transfer Conference of Unione Italiana di Termofluidodinamica, Pisa, Italy (1991)  
 Centennial Award of the American Society of Engineering Education for Exceptional Contributions to Education and the Profession of Engineering (1993)  
 Keynote Lecturer, NATO Advanced Study Institute on Cooling of Electronic Systems, Cesme, Turkey (1993)  
 Worcester Reed Warner Award of the American Society of Mechanical Engineers: "For contributions to the science and practice of heat transfer and to heat transfer pedagogy." (1995)  
 Elected to the National Academy of Engineering.  
 "For research on the science and practice of heat transfer and for contributions to engineering education." (1996)  
 Thirteenth Annual Hawkins Memorial Lecturer, Purdue University (1996)  
 Keynote Lecturer, Fourth World Conference on Experimental Heat Transfer, Fluid Mechanics and Thermodynamics, Brussels, Belgium (1997)  
 Keynote Lecturer, Fifth Thermal Engineering Joint Conference of the American and Japanese Societies of Mechanical Engineers, San Diego, California (1999)

Ninth Annual Byron Short Memorial Lecturer, University of Texas, Austin (1999)  
 Inaugural Member of *Book of Great Teachers*, Purdue University (1999)  
 A permanent wall plaque in the Purdue Memorial Union honoring faculty members, past and present, “who have devoted their lives to excellence in teaching and scholarship.”

Keynote Lecturer, ENCIT 2000-Brazilian Conference on Thermal Engineering and Sciences, Porto Alegre, Brazil (2000)

Institute for Scientific Research *Highly Cited Researchers Data Base* (2001)  
 Named as one of the world’s 100 most highly cited researchers in all fields of engineering, based on the number of journal citations recorded from 1981 to 1999 (*ISI Web of Science*).

Co-author, ASME Heat Transfer Division Classic Paper Award (2001)  
 Awarded annually for a paper published in the heat transfer literature at least 15 years ago that is cited extensively in other publications and has significantly contributed to the technology and science of heat transfer (“Convection Heat Transfer from Discrete Heat Sources in a Rectangular Channel,” *International Journal of Heat and Mass Transfer* 29, 1051-1058, 1986).

Fellow, American Association for the Advancement of Science (2005).

Keynote Lecturer, Fifth ASME USB Engineering Congress, Universidad Simon Bolivar, Caracas, Venezuela (2006).

Keynote Lecturer, Sixth Annual Notre Dame Environmental Education and Research Conference, University of Notre Dame (2006).

Keynote Lecturer, All Ireland Leadership Summit, Kildare Ireland (2007).

Keynote Lecturer, Science Foundation of Ireland Symposium on Energy Research, Dublin (2008).

Inaugural Sir Hugh Ford Lecture, Imperial College, London, England (2016)

Keynote Lecturer, *Ten Years Hence* Lecture Series on *Climate of Opportunity*, Mendoza College of Business, University of Notre Dame (2017).

Citations in American Men and Women of Science, Marquis Who's Who in America, Marquis Who's Who in the Midwest, Who's Who in Engineering, Who's Who in Technology Today, International Who's Who in Engineering, and Marquis Who's Who in Frontiers of Science and Technology

#### Research Activities:

Heat transfer fundamentals related to radiation transfer in scattering-absorbing media; double-diffusive convection; free, forced and mixed convection; solidification; and boiling. Applications related to energy conversion, biomedical engineering, electronic equipment cooling, casting and quenching of metal alloys, and laser-based machining operations. Energy technology and policy. Climate change. Publications are listed in Appendix A.

#### Administration and Service:

Includes serving on numerous committees at the department, college, university, state, and national levels, as well as chairing the Heat and Mass Transfer Area of Mechanical Engineering, serving as Assistant Dean of Engineering for Research and Graduate Programs, and serving as Head of the School of Mechanical Engineering at Purdue University. Also served as Dean of Engineering at the University of Notre Dame from

1998 to 2006 and numerous committees dealing with education, research and administrative activities. A detailed list is provided in Appendix B.

#### Workshops and Conferences:

Includes serving as panelist, lecturer and session or conference organizer. A detailed list is provided in Appendix C.

#### Invited Lectures:

Lectures dealing with plasma transport processes, radiative transfer in absorbing-scattering media, mixed convection, double-diffusive convection, waste heat recovery, materials processing, electronic cooling, energy utilization, energy and public policy, and/ engineering education have been given at:

University of Illinois, Urbana-Champaign (1966)  
 Ohio State University, Columbus (1966)  
 Purdue University, W. Lafayette, Indiana (1966, 1974, 1986, 1996, 2003, 2011)  
 NASA-Ames Research Laboratory, Mountain View, California (1969)  
 Aerospace Research Laboratories, Dayton, Ohio (1972)  
 University of California, Berkeley (1974)  
 University of Florida, Gainesville (1978)  
 Alcoa Technical Center, Alcoa, Pennsylvania (1979)  
 Arizona State University, Tempe (1982)  
 University of Texas, Austin (1983, 1999)  
 Texas A & M, College Station (1983, 1998)  
 Shell Development Laboratories, Houston, Texas (1983)  
 Louisiana State University, Baton Rouge (1983)  
 Universita di Pisa, Pisa, Italy (1984)  
 Argonne National Laboratory, Argonne, Illinois (1985)  
 IBM Corporation, Poughkeepsie, New York (1986)  
 Carnegie Mellon University, Pittsburgh, Pennsylvania (1986)  
 Johns Hopkins University, Baltimore, Maryland (1986)  
 Washington State University, Pullman (1987)  
 University of Nevada, Reno (1987)  
 University of Iowa, Iowa City (1987)  
 Rockwell-Collins Electronics, Cedar Rapids, Iowa (1987)  
 University of Notre Dame, South Bend, Indiana (1987, 1998, 1999, 2006, 2017)  
 University of Karlsruhe, Federal Republic of Germany (1988, 2002)  
 Technical University of Darmstadt, Federal Republic of Germany (1988)  
 Philips, Eindhoven, The Netherlands (1988)  
 3M European Technical Center, Antwerp, Belgium (1988)  
 University of Stuttgart, Federal Republic of Germany (1988)  
 Ansaldo Elettronica, Rome, Italy (1988)  
 University of Essen, Federal Republic of Germany (1988)  
 Siemens AG, Munich, Federal Republic of Germany (1988)  
 Technical University of Munich, Federal Republic of Germany (1988, 2002)

University of Kentucky, Lexington (1989)  
 3M Technical Center, St. Paul, Minnesota (1989)  
 University of Pennsylvania, Philadelphia (1990)  
 Clemson University, Clemson, South Carolina (1991)  
 State University of New York, Binghamton (1992)  
 Wright State University, Dayton, Ohio (1993)  
 University of Arizona, Tucson (1993)  
 General Electric Aircraft Engines, Cincinnati, Ohio (1994)  
 University of Michigan, Ann Arbor (1994)  
 University of Massachusetts, Amherst (1995)  
 University of Miami, Miami, Florida (1995)  
 Georgia Institute of Technology, Atlanta (1996)  
 University of Connecticut, Storrs (1997)  
 Tulane University (1998)  
 Oklahoma University, Norman (1998)  
 Oklahoma State University, Stillwater (1998)  
 Southwest Research Institute, San Antonio, Texas (1998)  
 University of Bonn, Federal Republic of Germany (2002)  
 Technical University of Berlin (2002)  
 University of Rhode Island (2002)  
 Modine Manufacturing Company (2003)  
 University of Qatar, Doha (2006)  
 Technical University of Zurich\_ETH (2006)  
 Trinity College, Dublin, Ireland (2009)  
 Imperial College, London, England (2016)

Patents and/or Invention Disclosures:

Plasma Arc Scalpel, U.S. Dept. Commerce,  
Patent No. 3,991,764, November 16, 1976.

Graduate Thesis Supervision:

Sixty-two (62) M.S. and thirty (30) Ph.D. theses have been completed in the general field of heat and mass transfer with applications to high temperature gas dynamics, bioengineering, energy conversion and utilization, electronic cooling, and materials processing. A list of students and thesis titles is provided in Appendix D.

## Appendix B

## ADMINISTRATION AND SERVICE

## MAJOR

*Purdue University*

Chairman, Heat and Mass Transfer Area of Mechanical Engineering (9/74 to 8/85). Responsible for providing leadership in the following areas: coordination and improvement of undergraduate and graduate level courses in heat and mass transfer; operation and improvement of undergraduate instructional laboratory in heat transfer; improvement and operation of the Heat Transfer Research Laboratory; recruitment of new faculty and graduate students for the Heat and Mass Transfer Area; and the offering of special short courses by the heat and mass transfer faculty. Responsibilities also included being an advocate of the Heat and Mass Transfer Area within and outside of the School of Mechanical Engineering.

Member, Mechanical Engineering Head's Advisory Committee (9/75 to 10/88). Responsible for advising the Head of the School on matters involving academic policy.

Assistant Dean for Research and Graduate Programs, Schools of Engineering (10/87 to 6/89). Responsible for oversight of the Institute for Interdisciplinary Engineering Studies, which included six research centers, coordination of multi-disciplinary research proposals, and administration of fellowship programs.

Head, School of Mechanical Engineering (6/89 to 6/98). Administrative responsibility for education, research and service functions involving approximately fifty-five faculty members, fifty-five staff and service personnel, nine hundred undergraduate students, and three hundred graduate students. Major functions included, but were not restricted to recruitment of faculty, maintaining and enhancing interfaces with alumni and industry, exercising budgetary control over expenditures, and providing leadership with respect to major teaching and research thrusts of the School.

*University of Notre Dame*

Dean, College of Engineering (7/98 to 8/06). Administrative responsibility for education, research and service functions of five academic departments involving approximately one-hundred faculty members, sixty staff and service personnel, eight hundred undergraduate students and three hundred graduate students. Major functions included, but were not restricted to recruitment of department chairs and faculty, maintaining and enhancing interfaces with alumni and industry, exercising budgetary controls over expenditures, and providing leadership with respect to major teaching and research thrusts of the College.

## OTHER

*Purdue University*

1. Mechanical Engineering Graduate Committee, 9/67 to 8/69.
2. Engineering-Chemistry Liaison Committee, 9/68 to 8/72, Chairman 9/69 to 8/72.
3. Purdue University-Indiana University Coordinating Committee for Biomedical Engineering, 9/69 to 8/72, Chairman 9/70 to 8/72.
4. Purdue University Search Committee for Showalter Distinguished Professor of Bioengineering, 1/73 to 6/73.
5. Mechanical Engineering Research Review Committee, 10/74 to 7/75.
6. Mechanical Engineering Head Search Committee, 10/74 to 10/75.
7. Purdue University Water Resources Research Council, 9/79 to 8/82.
8. Schools of Engineering Search Committee for Director of Center for Information and Numerical Data Analysis (CINDAS), 7/81 to 5/82.
9. Alumni Fund Raising Committee, School of Mechanical Engineering Centennial Celebration, Chairman, 8/81 to 4/82.
10. Mechanical Engineering Faculty Representative to the Engineering Area Promotions Committee, 9/81 to 8/84.
11. Mechanical Engineering Curriculum Committee, 9/71 to 8/73; 9/74 to 8/79; 9/81 to 8/85.
12. Mechanical Engineering Awards Committee, 9/82 to 8/83, 9/87 to 7/88.
13. Mechanical Engineering Manufacturing and Materials Processing Area Committee, 10/85 to 5/87, 9/90-6/98, Chairman 1/93-8/95.
14. Purdue University Task Force on Taxation of Graduate Student Fee Remission, 10/87-5/88.
15. Purdue University Task Force on Pacific Rim Initiative, 10/87-5/88.
16. Purdue University Grants and Contracts Information Committee, 10/87-6/88.
17. Schools of Engineering Heads and Deans Advisory Committee, 10/87-6/98t.
18. Purdue University Research Institute Committee, 3/88-7/89.

19. Coordinating Committee, Schools of Engineering Masters Program in Engineering with a Manufacturing Option, 1990-1993.
20. Purdue University Advisory Committee on Sexual Harassment, 1991-1992.
21. Purdue University Steering Committee on Administrative Computing Services, 1995-1996.
22. Purdue University/Indiana University Biomedical Engineering Program, Member of Executive Committee, 1996-1998.

*University of Notre Dame*

1. Provost's Advisory Committee, 7/98-6/06.
2. Academic Council, 7/98-6/06.
3. Search Committee for University Chief Information Officer, 8/00-8/01.
4. Search Committee for Vice President of the Graduate School, 8/00-7/01.
5. President's Advisory Committee on Integration of Academic and Student Life, 4/00-8/02.
6. University Strategic Planning Committee on Finance and Fundraising, 10/01-5/02.

*State and National*

1. Engineering Education Committee of Technology and Society Division, American Society of Mechanical Engineers, 3/73 to 8/76.
2. Committee on Heat and Mass Transfer in Biotechnology (K-17) of the Heat Transfer Division, American Society of Mechanical Engineers, 7/74 to 8/78.
3. Indiana Lieutenant Governor's Science Advisory Committee: Subcommittee on Energy, Panel II, Energy Conservation, 11/75 to 12/77.
4. Committee on Heat Transfer in Energy Systems (K-6) of the Heat Transfer Division, American Society of Mechanical Engineers, 11/81 to 12/92.
5. Awards Committee of Mechanical Engineering Division of American Society of Engineering Education, 9/82 to 8/85.
6. Proposal Review Panel, Heat Transfer Program, National Science Foundation, 1983, 1985, 1987, 1990.
7. Indiana Corporation of Science and Technology, Technical Advisor to Edge Technologies, Incorporated, Indianapolis, Indiana, 6/84 to 6/86.
8. Italian Union of Thermofluidynamics, 11/84 to 6/07.

9. George Westinghouse Award Committee of American Society of Engineering Education, 2/85 to 1/88.
10. Committee on Heat Transfer in Materials Processing and Manufacturing (K-15) of the Heat Transfer Division, American Society of Mechanical Engineers, 11/85 to 6/95.
11. National Science Foundation Workshop on Research Needs in Electronic Cooling, Boston, Massachusetts, June 4-6, 1986, Administrator and Principal Organizer.
12. Pacific Institute for Thermal Engineering, International Symposium on Cooling Technology for Electronic Equipment, Honolulu, Hawaii, March 18-21, 1987, Member of Organizing Committee.
13. Peer Review Panel, Small Business Innovative Research Program, Department of Energy, May, 1987.
14. Academic Review Committee, Department of Mechanical Engineering, University of Texas at Austin, July, 1987.
15. Associate Technical Editor, Transactions of the American Society of Mechanical Engineers, Journal of Heat Transfer (7/87 to 6/93).
16. International Centre for Heat and Mass Transfer, International Symposium on Heat Transfer in Electronic and Microelectronic Equipment, Dubrovnik, Yugoslavia, August 29 - September 2, 1988. Member of Organizing Committee.
17. Ninth International Heat Transfer Conference, Jerusalem, Israel, August 19-24, 1990. Member of U.S. Scientific Committee, 1986-1990.
18. Evaluation Panel, Research Associates Program, National Research Council, 1990.
19. Hudson Institute Task Force on American Agenda for Leadership in Manufacturing and Technology, Subcommittee on Technology, 5/90-4/92.
20. Committee on Honors and Awards (K-3) of the Heat Transfer Division, American Society of Mechanical Engineers, 6/90 to 5/93.
21. Visitor, National Accreditation Board for Engineering and Technology, American Society of Mechanical Engineers, 1990-1995.
22. Tenth International Heat Transfer Conference, Brighton, England, August 23-27, 1994. Member of U.S. Scientific Committee, 1990-1994.
23. Board of Editors, Experimental Heat Transfer, Hemisphere Publishing Corporation (8/90 to 6/98).

24. Department of Energy, Assessment of Research Needs in Basic Energy Sciences, Member of Committee on Transport Phenomena, 5/93-11/93.
25. Max Jacob Award Committee, American Society of Mechanical Engineers and American Institute of Chemical Engineers, 1993-1996.
26. Proposal Review Panel, Department of Energy Integrated Manufacturing Predoctoral Fellowship Program, February, 1995, 1996.
27. Academic External Review Committee (Chairperson), Department of Mechanical Engineering, University of Minnesota, April, 1995.
28. National Nominating Committee, American Society of Mechanical Engineers, 6/95 to 5/97.
29. Editorial Advisory Board, Microscale Thermophysical Engineering, Taylor and Francis Publishers, 8/98 to 7/02.
30. Editorial Advisory Board, Heat Transfer Research, Begell House, Inc., Publishers, 6/97 to 5/99.
31. External Academic Review Committee, Department of Mechanical Engineering, University of Maryland at College Park, November, 1997.
32. External Academic Review Committee, Department of Mechanical and Environmental Engineering, University of California at Santa Barbara, February, 1998.
33. External Academic Review Committee, Department of Mechanical Engineering, Stanford University, May, 1998.
34. National Research Council Liaison Committee of the National Academy of Engineering, 7/98 to 6/01.
35. External Academic Review Committee, Department of Mechanical and Aerospace Engineering, University of California at Los Angeles, December, 1999.
36. Secretary and Vice-Chair Elect, Section 10 (Mechanical Engineering) of the National Academy of Engineering, 2001-02.
37. Vice-Chair and Chair Elect, Section 10 (Mechanical Engineering) of the National Academy of Engineering, 2002-03.
38. Chair, Section 10 (Mechanical Engineering) of the National Academy of Engineering, 2003-04.
39. External Academic Review Committee, Department of Mechanical Engineering, Stanford University, May, 2004.

40. External Academic Review Committee, Department of Mechanical Engineering, Qatar University, Doha, Qatar, March, 2006.
41. External Academic Review Committee, Department of Mechanical Engineering, Technical University of Zurich\_ETH, January, 2007.

## Appendix C

## WORKSHOPS AND CONFERENCES

- Aluminum Industry Energy Conservation Workshop, Washington D.C.,  
September 16-17, 1980 (Panelist, Invited Lecture).
- Department of Energy Workshop on Salt-Gradient Solar Ponds,  
Washington, D.C., April 13-14, 1982 (Session Chairman, Invited Lecture).
- United States-Italy Joint Workshop on Heat Transfer and  
Combustion, Pisa, Italy, Sept. 12-16, 1982 (Invited Lecture).
- Engineering Foundation Conference on Double Diffusive  
Convection, Santa Barbara, California, March 13-18, 1983  
(Panelist and Session Organizer)
- Department of Energy Workshop on Solar Pond Technology,  
Argonne National Laboratory, Argonne, Illinois, April 13-14,  
1984 (Invited Lecture).
- International Business Machines Corporation, Heat Transfer  
Symposium, Poughkeepsie, New York, May 9-10, 1984 (Invited Lecture).
- American Society of Mechanical Engineers, Heat Transfer in Industrial  
Energy Systems, National Heat Transfer Conference, Niagara Falls,  
New York, August 5-8, 1984 (Session Organizer).
- American Society of Mechanical Engineers, Education in Heat Transfer,  
Winter Annual Meeting, New Orleans, Louisiana, December 9-14,  
1984 (Panelist, Invited Lecture).
- American Society of Mechanical Engineers, Materials Processing  
Heat Transfer, Winter Annual Meeting, Miami Beach, Florida,  
November 17-22, 1985 (Session Organizer).
- American Society of Mechanical Engineers, High Flux/High  
Temperature Heat Transfer, Fourth AIAA/ASME Thermophysics/  
Heat Transfer Conference, Boston, Massachusetts, June 2-4,  
1986 (Session Co-Chairman).
- National Science Foundation/Purdue University Workshop on  
Research Needs in Electronic Cooling, Andover, Massachusetts,  
June 4-6, 1986 (Workshop Organizer and Co-Chairman of  
Session on Single-Phase, Liquid Immersion Cooling).
- International Institute of Refrigeration Conference on Progress in  
the Design of Refrigeration Systems, Purdue University,  
August 5-8, 1986 (Vice Chairman of Session on Thermodynamic  
Problems in Solar Absorption).
- International Symposium on Cooling Technology for Electronic  
Equipment, Honolulu, Hawaii, March 17-20, 1987 (Chairman of  
Panel on Future Research Needs).
- American Society of Mechanical Engineers, Materials Processing Heat  
Transfer, Winter Annual Meeting, Boston, Massachusetts,  
December 13-18, 1987 (Session Organizer).

- American Society of Mechanical Engineers, Research in Thermal Control of Microelectronics, Winter Annual Meeting, Boston, Massachusetts, December 13-18, 1987 (Panelist).
- International Centre for Heat and Mass Transfer, International Symposium on Heat Transfer in Electronic and Microelectronic Equipment, Dubrovnik, Yugoslavia, August 29-September 2, 1988 (Chairman of Session on Liquid Immersion Cooling).
- WE-Heraeus Foundation, Workshop on Design Methods and Technologies for Multi-Chip-Modules, Bad Honnef, Federal Republic of Germany, April 23-25, 1990 (Invited Lectures).
- Japan Society for the Promotion of Science, Oji International Seminar on Heat Transfer in Manufacturing and Processing of New Materials, Tomakomai, Japan, October 28-31, 1990 (Invited Lecture, Chairman and Rapporteur of Session on Material Properties).
- National Science Foundation, Workshop on Thermal Sciences: Emerging Technologies and Critical Phenomena, Chicago, Illinois, April 18-20, 1991 (Member of Working Group on High Performance Digital Data Processing).
- American Society of Mechanical Engineers, Heat Transfer in Cryogenic Systems, Winter Annual Meeting, Atlanta, Georgia, December 1-6, 1991 (Session Organizer).
- American Society of Mechanical Engineers, Heat Transfer in Electronic Materials Processing, National Heat Transfer Conference, San Diego, California, August 9-12, 1992 (Session Co-Chairman).
- Department of Energy Tenth Symposium on Energy Engineering Sciences, Argonne National Laboratory, Argonne, IL, May 11-13, 1992 (Chairman of Session on Fluid Mechanics).
- American Society of Mechanical Engineers, Integrating Design into the Curriculum, Winter Annual Meeting, Anaheim, California, November 8-13, 1992 (Panelist).
- American Society of Mechanical Engineers 1993 Mechanical Engineering Design Education Conference, Orlando, Florida, March 24-26, 1993 (Member of Organizing Committee and Chairman of Session on Modern Design Tools).
- North Atlantic Treaty Organization, Advanced Study Institute on Cooling of Electronic Systems, Izmir, Turkey, June 21-July 2, 1993 (Invited Lectures and Member of Panel on Research Needs).
- John Wiley & Sons, Inc., Conference on Future Trends in Engineering Education, New York, New York, July 8-9, 1993 (Panelist).
- American Society of Mechanical Engineers, Energy Utilization in High Temperature Materials Processing, National Heat Transfer Conference, Atlanta, Georgia, August 8-11, 1993 (Session Chairman).
- American Society of Mechanical Engineers, Issues and Directions in Graduate Education, National Heat Transfer Conference, Atlanta, Georgia, August 8-11, 1993 (Panelist).
- Department of Energy Scoping Workshop on Basic Research in Energy Engineering, Leesburg, Virginia, October 29-31, 1993 (Member of Panel on Fluid, Chemical and Transport Processes).

- American Society of Mechanical Engineers, Unconventional Manufacturing and Materials Processing, Winter Annual Meeting, New Orleans, Louisiana, November 28-December 3, 1993 (Session Chairman).
- American Society of Mechanical Engineers, Fundamentals of Subcooled Flow Boiling, National Heat Transfer Conference, Portland, Oregon, August 6-9, 1995 (Session Co-Chairman).
- National Science Foundation/Department of Energy Workshop on Advances in Thermally-Based Materials Processing and Manufacturing, Leesburg, Virginia, May 24-26, 1995 (Presenter and Session Moderator).
- National Science Foundation, Workshop on Future of Mechanical Engineering Undergraduate Education, Massachusetts Institute of Technology, October 7-8, 1996 (Member of Organizing Committee, Principal Lecturer, and Facilitator of Session on Role of Information Technologies in Engineering Education).
- Fourth World Conference on Experimental Heat Transfer, Fluid Mechanics and Thermodynamics, Brussels, Belgium, June 2-6, 1997 (Session Chair).
- National Science Foundation, Workshop on Integration of Research and Engineering Education, Washington, D.C., November 8-10, 1998 (Presenter and Panelist).
- Engineering Deans Institute on Ethics in Technology and Social Responsibility, Maui, Hawaii, March 21-24, 1999 (Facilitator of Session on Sustainable Development).
- College of Engineering Workshop on Electric Power, University of Notre Dame, October 14-15, 2004 (Organizer and Session Chair).
- University of Notre Dame Forum on Sustainable Energy, September 25, 2007 (Co-Organizer and Panelist).
- Forfas, All Island Leadership Conference, Kildare, Ireland, October 6-7, 2007 (Presenter on Sustainability as a Business Issue).
- Science Foundation of Ireland, Symposium on Science and Engineering Underpinning Sustainable Energy and Energy-Efficient Technologies, Dublin Ireland, October 1, 2008 (Presenter and Panelist).
- Forfas, Future Energy Policy and Long-term Trade-offs: A Framework Perspective, Dublin, Ireland, November 19, 2008 (Presenter and Panelist).
- University of Notre Dame, Mendoza College of Business, Conference on Climate Investing: Transition to a Low Carbon Future, September 29-30, 2015 (Panelist).

## Appendix D

## THESIS SUPERVISION

The University of Notre Dame du Lac, known simply as Notre Dame /ÉnoŠtÉ™rÉ`deÉam/ NOH-tÉ™r-DAYM or ND, is a private Catholic research university in Notre Dame, Indiana, outside the city of South Bend. It was founded in 1842 by Edward Sorin. The main campus covers 1,261 acres (510 ha) in a suburban setting; it contains a number of recognizable landmarks, such as the Golden Dome, the Word of Life mural (commonly known as Touchdown Jesus), Notre Dame Stadium, and the Basilica. 574-631-7304. 1 Po Security Building Notre Dame, IN 46556. The Notre Dame Post Office is located in the state of Indiana within St. Joseph County. This location serves 7,314 Notre Dame residents with a median income of \$56,563. It's estimated that approximately 11,674 packages pass through this post office each year. Share: Notre Dame Post Office Location 46556. Notre Dame Indiana Local Links.
