Ince the publication of Fascism in Britain: A History 1918–85 (Blackwell, Oxford, 1987), the continuing interest in the subject shows little sign of abating. There have been several major works on aspects of the topic, and a stream of articles; it is a popular theme for A level projects and undergraduate dissertations, and, increasingly, postgraduate work at all levels. Mosley was particularly adamant that the BUF would come to power by constitutional means, that it would win a majority of seats in two successive general elections before implementing the full programme of the 'Fascist Revolution'. Although these features, like the national cultural influences on all fascist movements...
