Ancient Alexandria between Egypt and Greece

Giovanni Ruffini, *Fairfield University*

W. V. Harris

Role

Co-editors: W.V. Harris and G. Ruffini (also a contributing author)

Document Type

Book

Description/Summary

Giovanni Ruffini, in addition to editing this title, is a contributing author, "Late Antique Pagan Networks from Athens to the Thebaid," pp. 241-257."

Book description: As one of the greatest cities of antiquity, Alexandria has always been a severe challenge to its historians, all the more so because the surviving evidence, material and textual, is so disparate. New archaeological and literary discoveries and the startling diversity of ancient Alexandria (so reminiscent of some modern cities) add to the interest. The present volume contains the papers given at a conference at Columbia University in 2002 which attempted to lay some of the foundations for a new history of Alexandria by considering, in particular, its position between the traditions and life of Egypt on the one hand, and on the other the immigrants who came there from Greece and elsewhere in the wake of the founder Alexander of Macedon. -- Publisher description.

Chapter Eight Alexandria and Middle Egypt: Some Aspects of Social and Economic Contacts under Roman Rule . 161 Mohammed Abd-el-Ghani Chapter Nine Galen's Alexandria . Ancient Alexandria, Egypt. by Jocelyn Hitchcock on March 5, 2019. By Jocelyn Hitchcock, Contributing Writer, Classical Wisdom. Since Alexandria came to replace the previous Egyptian capital of Memphis, and ~~Tyre, a significant port city, was destroyed by Alexander, the new capital filled a vacuum of both political and commercial means. Alexandria became a lucrative node in the trade~~ network of the Mediterranean, and attracted commerce from the east, north, and west. In the following years of civil war between Cleopatra and Ptolemy, the city of Alexandria suffered destruction and fires. After the death of Cleopatra and Marc Antony, and the consolidation of power by Augustus, Alexandria became a province of the Roman Empire, lacking any real political autonomy.
