<http://en.wikipedia.org/wiki/File:RANDI.jpg>

James Randi (born Randall James Hamilton Zwinge; August 7, 1928) is a Canadian-American stage magician and scientific skeptic

[http://en.wikipedia.org/wiki/James\\_Randi](http://en.wikipedia.org/wiki/James_Randi)

Randi is author of 10 books, among them *Conjuring* (1992), a biographical history of noted magicians. The book is subtitled: *Being a Definitive History of the Venerable Arts of Sorcery, Prestidigitation, Wizardry, Deception, & Chicanery and of the Mountebanks & Scoundrels Who have Perpetrated these Subterfuges on a Bewildered Public*, in short, *MAGIC!*. Its title page says, "By James Randi, Esq., a contrite rascal once dedicated to these wicked practices but now almost totally reformed." The book selects the most influential magicians and tells some of their history in the context of strange deaths and careers on the road. This work expanded on Randi's second book which was called *Houdini, His Life and Art*

Randi also wrote a children's book in 1989 titled *The Magic World of the Amazing Randi*, which introduced children to magic tricks.

He is currently working on *A Magician in the Laboratory*, which recounts his application of skepticism to science.

## One Flew Over the Cuckoo's Nest – 50th Anniversary Edition By: Ken Kesey

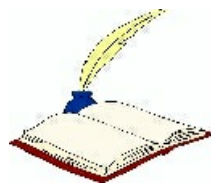

krishnakdum

Ken Kesey's *One Flew Over the Cuckoo's Nest* has left an indelible mark on the literature of our time. Turning conventional notions of sanity and insanity on their heads.

Hailed upon its publication as "a glittering parable of good and evil" (The New York Times Book Review) and "a roar of protest against middlebrow society's Rules and the invisible Rulers who enforce them" (Time), Kesey's powerful book went on to sell millions of copies and remains as bracing and insightful today as when it was first released.

This new edition commemorates the fiftieth anniversary of the original publication of the novel on February 1, 1962, and will be a must have for any literature lover.
