Growth Mindset for Educators. {{ topic.title }}. {{ topic.description }}. Why did I write "Mindsets in the Classroom?"- it is because of the positive impact that I have seen in children. I have been in education since the eighties and have seen lots of things come and go--but not once have I seen something that has made such a difference in children's lives-Educators must believe in the possibilities of all students and students must believe that with the right strategies, effort and perseverance, they can achieve. Dr. Carol Dweck's research and coining of the term fixed and growth mindset were brilliant. Not only does it supply educators with details as to how to build a growth mindset culture in the schoolhouse, but also provides multiple resources for lesson implementation. Everything you need to know about how to develop a growth mindset in schools. You have heard about growth mindset and know many teachers who are keen to develop it. But how do you develop a growth mindset in schools? Growth mindset refers to a learning theory developed by Dr Carol Dweck. It revolves around the belief that you can improve intelligence, ability and performance. The opposite, a fixed mindset, refers to the belief that a person's talents are set in stone . Years of research have shown that mindset is malleable. Click on the button below to gain access to over 100 free infographic resources for you to display! Download Our Free Resources.
