The early church made new Christians through the catechumenate. This paper investigates the endeavor of the Church, in order to recover the baptismal catechesis. First it will examine the RCIA, published in 1988 in English, in a way how the RCIA practices, by studying the structure, content, and issues. Then this paper will articulate some characteristics of the RCIA, by making a comparison with the catechumenate in the early church tradition. In conclusion, this will explore its application for today, especially for the Reformed Church, with a proper adaptation. A model for the catechumenate for youth will be developed. If the model for the catechumenate of the youth can function as a vital ritual curriculum for faith formation, even in the midst of the Korean Church’s deritualized or desacramentalized catechesis, it could provide some crucial clue for the ongoing baptismal life.

The rites for these stages are to be found in the Rite of Christian Initiation of Adults (RCIA).[2]. This initiative of Vatican 2 has resulted in the RCIA programs, the pathways into the Church for adults seeking after Our Lord, that we have in our parishes today. "This catechesis leads the catechumens not only to an appropriate acquaintance with dogmas and precepts but also to a profound sense of the mystery of salvation in which they desire to participate."[3]. During the Rite of Sending, which also occurs near the beginning of Lent, the parish community expresses their support of the catechumens and candidates through a blessing and then sends them forth to receive the "Rite of Election and Call to Continuing Conversion" from the bishop or archbishop. Modern baptismal font suitable for full immersion baptisms of adults, Catholic Guardian Angels Parish in East London, UK. The Rite of Christian Initiation of Adults (RCIA), or Ordo Initiationis Christianae Adultorum is a process developed by the Catholic Church for prospective converts to Catholicism who are above the age of infant baptism. Candidates are gradually introduced to aspects of Catholic beliefs and practices. According to William Harmless, when the Vatican promulgated the Rite of Christian Initiation of Adults (RCIA) in 1972, it showed unexpected radicalism. This outline is based upon the Rite of Christian Initiation of Adults (RCIA) approved for use in the dioceses of the USA which includes additional rites for various circumstances and combinations.
