Volcanoes; a fascinating book

by [wppalmer](#) (WorldCat user published 2011-04-14)  [Permalink](#)

Many years ago I purchased an excellent small book by Maurice Krafft (1991) and it is this book that I am about to review, though in this case the author's life is as interesting as the book itself. I personally have always found volcanoes and volcanic phenomena fascinating and have visited a number ...
