Description/Summary

Scott Lacy is a co-editor and a contributing author, "Moral Fibers of Farmer Collectives: Combating Poverty with Cotton in Southern Mali."

Book description: The ninth edition of *Applying Cultural Anthropology: An Introductory Reader* is a collection of articles that provide compelling examples of applied research in cultural anthropology. In this age of globalization and increased cultural intolerance, the basic messages of public anthropology are more important than ever. This new edition offers ten new readings that refer to contemporary social issues such as religious belief, work and family, social class, food production, relationships, consumerism, the effects of climate change on culture, and globalization.
